

## WHO WE ARE

### GSP GROUP INC.

- Planners and Landscape Architects based in Hamilton

### PARADIGM TRANSPORTATION SOLUTIONS LTD.

- Transportation Planning based in Cambridge

### S. LLEWELLYN & ASSOCIATES LIMITED

- Civil Engineering based in Burlington

## WHAT WE ARE DOING

1. Creating a Master Plan that will be the first comprehensive plan for the entire study area, identified as Spencer Gorge-Webster's Falls Conservation Area.
2. Creating a Single Management Plan for a group of parks that conforms to the Niagara Escarpment Plan.
3. Establishing policy guidelines for long term protection, development and management of this park.
4. Identifying the Bruce Trail Corridor and provide policies for managing the corridor in cooperation with the Bruce Trail Conservancy
5. Improving safety and accessibility for the study area.

## PROJECT TASKS

### Inventory and analysis - this is what we will be providing:

- Identification of natural areas protection and buffer zones
- Park infrastructure
