Existing Use of Property ___________________ Proposed Use of Property ____________

Have you confirmed with the City of Hamilton Planning Department that the proper zoning is in place to permit the proposed development? Yes _______ No _______

Description of Proposed Work

☐ Erect a new structure ☐ Alter, add to, or remove an existing structure
☐ Place or remove fill material ☐ Construct a pond
☐ Alter an existing watercourse or shoreline ☐ Install a septic system
☐ Other: (Please specify) _____________________________________________________

Fee Received______ Method of Payment_____________ P.O. # (Municipal App.) ____________
INSTRUCTIONS

It is highly recommended that the applicant consult with HCA staff prior to submitting a Permit application. Pre-consultation ensures that all required information accompanies the subject application. In the absence of pre-consultation with HCA staff, the following information must be included for an application to be deemed complete:

- Payment of Required Application Fee
- Location Map showing nearest roads/intersections
- Legal Survey of Property (where available)
- Statement of purpose of the project (including proposed start and finish dates)
- 2 sets of folded plan(s)/drawing(s) for initial review (4 copies of final plans) illustrating existing site conditions and proposed development/site alteration including:
  - Date, author and scale
  - Property boundaries
  - Location of natural hazard/heritage features
  - Dimensions and locations of all existing and proposed structures or alterations to structures (including distances to property boundaries and natural features)
    - This includes but is not limited to septic systems, parking lots, exterior site uses and facilities
  - Drainage details before and after development. Should grade changes be required to implement the proposal, dimensions and locations of existing and proposed grades including cross-sections details must be submitted, as well as the signature and stamp of a qualified Professional Engineer. This plan should include type and volume of fill required. This may include proposed landscaping works.
  - Extent of disturbed area, staging of equipment and fill stockpiling locations
  - Location of tree protection fencing (if applicable)
  - Location of erosion and sediment control measures
  - House floor and elevation plans (if applicable). Must include stamp or BCIN.

NOTE: ALL PLANS LARGER THAN 11 X 17 MUST BE FOLDED. ROLLED DRAWINGS WILL NOT BE ACCEPTED

Scale:
Sample Shorewall Site Plan
(see INSTRUCTIONS page of Application form or Application Requirements Checklist if provided for details)

Final Shoreline Wall Plan must include:

- Both plan view and cross-sectional drawings. Cross-section location should be shown on plan view (A-A).
- Information on type of wall/repair proposed.
- Information on how new wall or repair will be tied into existing shoreline protection on adjacent properties.
- Elevation of the top of the wall, footing and Lake Ontario water level.
- Weight/size/type of material for new wall or repair.
- Length of shoreline to be protected.
- Information on type/amount of backfill if proposed.
- Location of proposed wall in relation to existing grade and top-of-bank.
- Information on location and size of any additional structures proposed.
- Drawing scale should be provided

* Note:

All shorewall projects (new and repairs) must be supported by a qualified coastal engineer. Contact the HCA to determine the extent of the supporting information required.
Please provide additional details related to proposed work, describing materials and methods to be used and purpose of project. If you require additional space, please attach a separate page.

Proposed Commencement Date of Work: ___________________________________________

Proposed Completion Date of Work: _____________________________________________
The personal information on this form is collected under the authority of the Conservation Authorities Act, R.S.O. 1990, c27 as amended. The personal information will be used for the purposes of administering Ontario Regulation 161/06 - HCA Development, Interference with Wetlands, and Alterations to Shorelines and Watercourses Regulation. Specifically the information will be used to:

- Evaluate the development proposal for conformity with HCA and Provincial policies
- Liaise with other regulatory agencies having jurisdiction
- Report to the HCA Board of Directors for information

This information will become part of the public record and is available to the general public. Questions about the collection of personal information should be directed to HCA Watershed Officers Darren Kenny (ext 131) or by mail at 838 Mineral Springs Road PO Box 81067, Ancaster, ON, L9G 4X1.

I/We ______________________ __________________ declare that the information submitted (Please Print) as part of this application is correct to the best of my knowledge and I/we agree to abide by Ontario Regulation 161/06 - HCA Development, Interference with Wetlands, and Alterations to Shorelines and Watercourses Regulation. I/We acknowledge that this application and supporting documentation will be considered as public documents and available to the public on request. I/We also give permission to the Hamilton Conservation Authority staff to inspect the subject property in conjunction with this application. “I/We acknowledge and agree that any permit issued pursuant to this application may be revoked if it is issued on the basis of false, inaccurate, or misleading information.”

Signature: ________________________________ Date: ________________

As required under Ontario Regulation 161/06 - HCA Development, Interference with Wetlands, and Alterations to Shorelines and Watercourses Regulation

Upon receipt of an application, HCA staff will provide notification in writing within 21 days stating whether or not the application is complete. If the application is deemed incomplete, a list of any outstanding information will be provided.

Once the application is deemed complete, HCA staff will complete a detailed review of the application within thirty (30) days for minor applications and ninety (90) days for major applications.
Your submitted application will be assessed to determine whether the proposed works will affect the control of flooding, erosion, pollution, dynamic beach or the conservation of land in accordance with the Authority’s policies and programs.

If the application conforms to HCA policy and programs, a permit will be issued by Hamilton Conservation Authority staff and may be subject to the fulfillment of specific conditions. Permits issued by the Hamilton Conservation Authority are non-transferable and do not constitute an exemption from obtaining any other agency approvals (i.e. Municipal Offices, Ministry of Natural Resources, Niagara Escarpment Commission, etc). Permits are valid for a two (2) year period.

Note: A compliance inspection may be completed by Hamilton Conservation Authority staff up to one year after the expiry of the permit.

If the application does not conform to Authority policy and staff are recommending refusal of the application, the Authority Board of Directors will convene as a Hearing Board to hear the arguments for and against the application. You will be notified as to a hearing date to which you or your agent should attend. Upon hearing the presentations made by Authority staff and the applicant/agent, the Authority Board of Directors will decide to approve or refuse the application.

If the application is refused by the Authority Board of Directors, the applicant will be notified in writing. The applicant, within thirty (30) days of notification, may appeal the decision of the Authority Board of Directors to the Ministry of Natural Resources, Mining and Lands Commissioner who may dismiss or grant the appeal.
LANDOWNER AUTHORIZATION

For Subject Property:

Lot _________, Concession _________] [Plan Lot _________ Registered Plan No. _________

Street Address: ____________________________________________________________

Municipality: ______________________________________________________________

If this application is to be submitted by a solicitor or agent on behalf of the owner(s), this Landowner Authorization must be completed and signed by the owner(s). If the owner is a Corporation acting without agent or solicitor, the application must be signed by an officer of the Corporation and the Corporation’s seal (if any) must be affixed.

NOTE TO THE OWNER(S):

IF THE APPLICATION IS TO BE PREPARED BY A SOLICITOR OR AGENT, AUTHORIZATION SHOULD NOT BE GIVEN UNTIL THE APPLICATION AND ITS ATTACHMENTS HAVE BEEN EXAMINED AND APPROVED BY YOU, THE OWNER(S).

I/WE ________________________________

________________________________________

________________________________________
Pursuant to Ontario Regulation 161/06 - HCA Development, Interference with Wetlands, and Alterations to Shorelines and Watercourses Regulation, within HCA regulated areas, a permit is required for:

- Development
- Interference with Wetlands
- Alteration to Shorelines and Watercourses

1. **Minor Development:**
   Is considered to be minor landscaping works and minor filling and grading activities, (between 0.05 m and 0.3 m in depth) OR minor additions to an existing structure (including decks) that involves less than a 50% increase in size of the original ground floor area OR accessory structure to a maximum area of 28m².

   - Basic applications (no technical studies required) $395.00 (incl. HST)
   - Applications involving review of technical studies $940.00 (incl. HST)
   - Fee for service over first 10 hrs minimum review time, per hour: $120.00 (incl. HST)

2. **Major Development:**
   Is considered to be the construction, reconstruction, and erection of a new building or structure, OR the construction of an addition to an existing structure that involves a 50% or greater increase in size of the original ground floor area, OR any change to an existing building or structure that would have the effect of altering the use or potential use of the building or structure or increase the number of dwelling units, OR site alterations involving the temporary or permanent placing, dumping or removal of fill material resulting in significant grade changes. *9

   - Basic applications (no technical studies required) $1560.00 (incl. HST)
   - Applications involving review of technical studies $3125.00 (incl. HST)
   - Fee for service over first 10 hrs minimum review time, per hour: $120.00 (incl. HST)

3. **Interference with Wetlands, Alterations to Watercourses and Shorelines:**
   - **Alteration to watercourse** includes: straightening, changing, or diverting a watercourse channel, installation or replacement of culverts and bridges, bank re-grading or stabilization.
   - **Alteration to shoreline** includes: installation or replacement/repair of retaining walls, other slope stabilization works, bank re-grading.
   - **Interference with Wetlands** includes: buildings or structures to be located within 120m of a Provincially Significant Wetland or within 30m of all other wetlands; vegetation removal, grading, filling, hydrological changes
   - **Minor** works not requiring supportive technical studies such as minor repairs or adjustments to existing shoreline protection/watercourse structures, simple culvert replacements, small full-span pedestrian bridges, buildings and structures, fill placement, jack and bore and directional drill activities.
     - $780.00 (incl. HST)
   - **Intermediate** works limited in scope/extent which may require supportive technical studies such as moderate-scale repairs to shoreline protection works, localized watercourse alterations and stream bank stabilization, buildings and structures, fill placement.
     - $2085.00 (incl. HST)
   - **Major** works requiring supportive technical studies such as channel re-alignments and natural channel design, major repairs to existing shoreline protection works or new shoreline protection works, new large-scale bridge crossings, buildings and structures, fill placement.
     - $4165.00 (incl. HST)
Fee for service over first 10 hrs minimum review time, per hour: $120.00 (incl. HST)

| 4. Multi-Lot/Unit Development (10 or more lots or units) and Major Infrastructure Works: |
| Infrastructure works (storm water management ponds, services, roads, etc.), new golf courses and major alterations to existing golf courses. |
| Fee for service over first 10 hrs minimum review time, per hour: $120.00 (incl. HST) |

| 5. Violation Surcharge |
| 75% surcharge will be applied when activities which require a permit under Regulations are undertaken without a permit. |

| 6. Minor Revisions to Permits |
| $ 260.00 (incl. HST) |

NOTES:

Permits are issued for a two (2) year period. Significant alteration or changed ownership subject to new permit application.
