

# BUG SCAVENGER HUNT

Can you find the things below?

Remember to look carefully and leave everything safely in its habitat.

Draw what you find!

1. A leaf that has been chewed by a caterpillar
2. Find a sign of an insect that lives inside a tree
3. Insect eggs (the best place to look is the underside of green leaves)
4. An insect with a hard shell that likes to live in the shade
5. A female cricket (they have 3 parts to their tail)
6. A cocoon or egg case

## Find A Quiet Spot To Solve These Puzzles

1. Name three animals that depend upon insects for their food

\_\_\_\_\_

2. Damselflies and Dragonflies begin their life under water

*True or False*

3. Insects have 6 legs, 2 body parts, 0, 2 or 4 wings and antennae

*True or False*
