## Welcome to CHRISTIE LAKE

Christie Lake is a man-made reservoir created by the construction of the Christie Dam. The 180 metre-long dam was completed in October of 1971 to help prevent major flooding in the low-lying town of Dundas. The reservoir covers approximately 60 hectares and contains enough water to fill more than 900 Olympic sized swimming pools!  
  
Christie Lake provides a refuge for wildlife within the Niagara Escarpment World Biosphere Reserve and is also part of Ontario's Greenbelt. We invite you to explore Christie Lake Conservation Area's 353 hectares of natural wonders and all the recreational opportunities it has to offer.

### FISHING

Christie Lake is a perfect spot to fish. Bait and fishing supplies are available for sale at the gatehouse and beach store. Provincial fishing licence requirements apply. The Christie Lake fishery is regulated by the Ministry of Natural Resources.

### BOATING

See Christie Lake and its aquatic residents up close and personal. Rowboats, kayaks and canoes are available for rent at the beach store, or bring your own and launch it at the boat launch located in the east end of the park by the Marian Pavilion. Gas powered motors are not permitted on the lake.

### DISC GOLF

Christie Lake's 18 hole championship Disc Golf course is open year round and is free to use with your park entry. Discs can be purchased at the gatehouse or beach store. Score cards are available on our website: [www.conservationhamilton.ca](http://www.conservationhamilton.ca)

### SWIMMING

Christie Lake's 360-metre sand beach is a great place to enjoy the summer sun. Be smart in the water this summer and follow all water safety rules. No lifeguards are provided. **Adults, children are your responsibility.**

### TRAILS

Christie Lake features 10 km of multi-use trails. Christie Lake invites mountain bikers to enjoy the new single track mountain bike trail system constructed by volunteers from The Hamilton Burlington Mountain Bike Association.  
**Please be aware that some of the tracks cross over the multi-use trails.**
