The Chair opened the meeting with remarks on the passing of the Honorable Justice Thomas A. Beckett. Among a lifetime of achievements, Mr. Beckett was instrumental in creating the Spencer Creek Conservation Authority in 1958. He was our first Vice-Chairman of the Board of Directors, and later became Chairman in 1964. In 1966 he convinced the Ontario Government to amend the Conservation Authorities Act to expand the Spencer Creek Conservation Authority to include the City of Hamilton and became the first Chairman of the newly named Hamilton Region Conservation Authority. He continued to serve as Chairman until 1971.

His vigorous and determined leadership of the Conservation Authority set the pace for an expansive land acquisition program in the Hamilton area. Through his efforts many of the Authority's major conservation areas were created, most notable was his role in the preservation of the Dundas Valley in the 1960's. HCA's land holdings total nearly 11,000 acres today.

1. Call to Order

The Chair called the meeting to order and welcomed everyone present. HCA's Indigenous Land Acknowledgement was read.

2. Declarations of Conflict of Interest

The Chair asked members to declare any conflicts under the Board's Governance Policy. Brad Clark declared a conflict of interest specific to item 12.4 relating to 140 Garner Road East, as his son has a retail business interest with the principal planner for the appeal for the development application.

3. Approval of Agenda

The Chair requested any additions or deletions to the agenda. Lisa Burnside advised of two additional items for the agenda; one item of correspondence from the Ministry of Municipal Affairs and Housing to Clerks, CAOs, and Conservation Authority Administrators regarding Proposal to return lands in Ajax to the Greenbelt, to be added as item 5.4 under consent items, and a motion from member Brian McHattie regarding a request to the Province to reverse recent changes to the Conservation Authorities Act and the Ontario Wetland Evaluation System, to be added as item 11.1 under New Business.

Susan Fielding, Chair of the Budget & Administration Committee, introduced the report. Scott Fleming presented a summary of the report and answered the members' questions.

The assumption for revenues associated with managing Wild Waterworks were discussed. HCA receives 15% of expenses as a management fee for Confederation Beach Park, which includes Wild Waterworks. Lisa Burnside spoke to challenges with operating the outdoor facility which is aging and there are a number of technical safety and public health inspections the facility must pass before opening each summer. The budget is based on the assumption that the facility will pass all inspections and that HCA will be able to hire all necessary staff to operate the facility, including lifeguards.

There was discussion and comment amongst members in regard to the substantial reduction in provincial funding contributions to Conservation Authority budgets since the 1990's and development planning application reviews due to recent legislative changes terminating Conservation Authorities' technical commenting role on natural heritage matters. Lisa Burnside advised that staff will once again utilize Watson and Associates in 2024 to review our planning and permit review fees again and how they are benchmarked, to ensure we fall within our Board approved cost recovery targets.

11.1. Notice of Motion re. Changes to the Conservation Authorities Act and Ontario Wetland Evaluation System

Brian McHattie read his notice of motion which was added under approval of the agenda. He advised the Board of his concern with the recent reports from the Auditor General and Integrity Commissioner regarding the Greenbelt, significant changes to wetland evaluation and Conservation Authorities to limit our work and the need to respond with strong direction to have these changes reversed.

Lisa Burnside was asked to provide a history of HCA's advocacy to-date on the subject. Lisa provided an overview of staff efforts to respond to the proposed legislative changes, including commenting on a number of Environmental Registry of Ontario postings, submitting comments to the Standing Committee on Bill 23, submitting Board approved position points to our two participating municipalities to take into account a watershed based approach to balance growth with the environment and public health and safety and requested continued collaboration with the Province on Bill 23, coordinating comments with other CAs to our umbrella organization, Conservation Ontario, for their advocacy to the Province and publication of a related Op-Ed in the Hamilton Spectator.

Board members discussed government relations and advocating for the Conservation Authority and Chair Clark advised that all the above advocacy was discussed internally and any action was directed through the Board.

A friendly amendment to clause d) in the motion was adopted to add circulation of the approved Board motion to local Members of Provincial Parliament.

BD12, 3243

MOVED: Brian McHattie

SECONDED: Craig Cassar

Whereas over the past several years the Provincial Government has amended the Conservation Authorities Act to reduce the effectiveness of Conservation Authorities in protecting natural heritage (i.e., Bill 23, and;

Whereas, the Provincially Significant Wetland Evaluation System has also been changed leading Conservation Ontario to estimate that over 80% of the wetlands that currently receive protection will lose this status, and;

Whereas, legislative changes implemented January 1, 2023 to Conservation Authority roles related to Natural Heritage and review under prescribed Acts as well changes to the Ontario Wetland Evaluation System, as well as remaining legislative changes regarding Conservation authority development regulations that have not yet come into effect, if implemented, would have serious unintended consequences, and;

Whereas recent reports by the Provincial Auditor-General and the Integrity Commissioner have raised serious concerns on the bias and lack of transparency and fairness in the Greenbelt removals, drawing conclusions that the changes unfairly benefitted private landowners, and;

Whereas, the role of Conservation Authorities in protecting natural heritage and mitigating/ adapting for climate change has never been more important in light of the 6th Mass Extinction in biodiversity and the increasing possibility that Canada and the world will not meet the Paris Accord greenhouse gas target limiting temperature rise to less than 1.5 degrees Celsius, and;

Whereas the Hamilton Conservation Authority's ability to provide comments on natural heritage to the City of Hamilton is critical and must be restored.

Therefore:

That the Hamilton Conservation Authority Board of Directors respectfully request that:

- a) the Province of Ontario reverse recent changes to the Conservation Authorities Act and Provincially Significant Wetland Evaluation System that adversely affect natural heritage protection, and;**
- b) the Province of Ontario's Auditor General undertake an investigation into the processes that were followed to make the above policy decisions, and whether this decision-making structure and its outcomes provide Ontarians with value for money, and;**
- c) That the Hamilton Conservation Authority Board requests that City of Hamilton Council provide similar direction to the Province of Ontario and;**
- d) That a copy of this Hamilton Conservation Authority Board of Director's motion be shared with local Members of Provincial Parliament, Conservation Ontario and all conservation authorities in Ontario.**

Memorandum

TO: Board of Directors

FROM: Lisa Burnside, Chief Administrative Officer (CAO)

MEETING DATE: October 5, 2023

RE: HCA Quarterly Report #6 to MNRF – Ontario Regulation 687/21

BACKGROUND & PURPOSE

On October 7, 2021, Ontario Regulation 687/21: Transition Plans and Agreements for Programs and Services Under Section 21.1.2 of the *Conservation Authorities Act* was passed.

The key components and deadlines for [Transition Plan and Agreements Regulation \(O.Reg. 687/21\)](#) are illustrated in Figure 1 below. As required, HCA developed and approved a Transition Plan and Inventory of Programs and Services in Part 1 and Part 2 as noted below. The inventory is based on the three categories identified in the Regulation which include (1) Mandatory, (2) Municipally requested, and (3), Other programs and services an Authority determines are advisable.

HCA currently is in part 3 of the Transition period.

The purpose of this memorandum is to inform the board of the sixth quarterly required report for the MNRF that was submitted October 1, 2023.

STAFF COMMENT

As required under Ontario Regulation 687/21 and identified in HCA's Transition Plan, quarterly Progress Reports are required to be submitted. Under the Regulation the Progress Reports must include the following;

- a summary of any comments or feedback on your inventory that were submitted by your participating municipalities or by any others;
- a summary of any changes that were made to your inventory;
- an update on the progress towards negotiating cost apportioning agreements with your participating municipalities, including any difficulties you are experiencing that might impact the ability to conclude any cost apportioning agreements by the transition date;
- a copy of your updated inventory, clearly indicating changes that have been made since your initial inventory was submitted in February 2022.

Staff have prepared the attached report which was submitted October 1, 2023 to meet the quarterly report deadline outlining the consultation steps that have been undertaken to date with our two participating municipalities, the City of Hamilton and Township of Puslinch.

Inventory and Agreement Feedback

The inventory has been well received and there have been no formal comments or concerns to date on the service areas and program areas included from either of our participating municipalities.

As noted in our previous report, municipal engagement and negotiations regarding Category 2 and 3 programs and services have been delayed by the introduction and passage of Bill 23 and additional amendments to the *Conservation Authorities Act*.

As noted in our previous quarterly report, a draft agreement has been drawn up by staff and shared with both our municipal partners in May 2023. Since that time, there have been additional discussions and an Agreement formalized between staff at the Township and HCA which was approved for execution by the HCA board at its September 7, 2023 meeting. Township Council will review the Agreement at an upcoming meeting this Fall.

Staff have now also received back comments from City of Hamilton staff and an Agreement will be brought to the HCA board for approval and execution later this evening. It is understood that the City of Hamilton General Issues Committee and Council will review the Agreement for approval at upcoming meetings this Fall.

At this time, staff are hopeful that continued progress can be made in the coming months to finalize the Agreement and have it approved and executed by the HCA Board and Council of our two participating municipalities by the end of year.

However, given that the deadline to apply for an extension is required by October 1, 2023 and the timing for municipal approvals is subject to municipal processes outside of HCA control, an extension request has been submitted to the Province. While it is anticipated that Agreements will be signed and in place by year end, approved and executed Agreements are not in place as of October 1, 2023 and timing for our participating municipalities to take the Agreements through their respective councils is unknown with potential for comment and return to HCA Board.

LEGAL/FINANCIAL IMPLICATIONS

There is no immediate financial impact, however, it should be noted that this undertaking will continue to involve significant time from staff, along with municipal partners.

CONCLUSIONS

Staff will continue to bring forward quarterly update reports to the Board of Directors and comply with the requirements of the Phase 1 regulations. A final Conservation Authority report will be due January 31, 2024.

HCA staff will also continue to work to finalize MOU Agreement with both participating municipalities to have respective councils endorse and execute the Agreement for Services which have been finalized by staff. Given that this is now within municipal timelines and process and subject to Council comment, a request for extension has been submitted in the event there are any delays meeting the January 1, 2024 deadline set by the Province.

Operating Budget Levy Request

This year's Operating Budget Levy increase request is **2.75%**

Province provides allocation percentages annually, this year

- City of Hamilton 99.24%
- Township of Puslinch 00.76%

Total Levy for 2024 \$ 4,909 thousand (\$ 4,778 thousand in 2023)

- City of Hamilton \$ 4,876,725
- Township of Puslinch \$ 32,341

Year over year impact on Operating Levy is an increase of \$131,386

Draft Capital Budget Commentary

- The draft capital budget is composed of two areas; the first being Special Projects and the second being Major Maintenance. Specific Projects make up 56% of the budget for 2024, these projects are broken down by location.
- Major maintenance makes up 44% of the 2024 budget and are spread across multiple geographic areas and work disciplines. Several years ago, HCA introduced the budget process of pooling the primary categories of major maintenance to address the issue of not having enough funds in one conservation area to do a necessary upgrade while having work of lesser priority completed in areas that had an allocation and felt compelled to use it. With the pooled approach the funds are held centrally and distributed to the areas that are of highest priority.
- These pooled monies fund projects and programs which enhance our facilities and ensure they are safe and functional and further improve our Conservation Areas for current and future generations.
- To give some feel of the scope, in our Conservation Areas we have close to 100 bridges, about 15km of internal roadways, 2km of boardwalk, 170 buildings which include 60 at Westfield Heritage Village, 145 km of trails, and countless other items to manage and improve such as fencing, utilities, gates, etc.

Report

TO: Budget & Administration Committee

FROM: Lisa Burnside, Chief Administrative Officer (CAO)

**PREPARED &
RECOMMENDED BY:** Jaime Tellier, Corporate Administrative / Records
Management Coordinator

MEETING DATE: September 23, 2023

RE: Updates to HCA Administrative By-Law

STAFF RECOMMENDATION:

THAT the Budget & Administration Committee recommends to the Board of Directors:

THAT the Administrative By-Law be amended with the revisions noted in the attached draft, subject to and including any further revisions as noted during the September 21, 2023 meeting.

BACKGROUND & PURPOSE

The HCA Administrative By-Law is based on a model by-law provided by Conservation Ontario which has been widely adopted by most other Conservation Authorities. The Budget & Administration Committee undertakes an annual review of HCA's Administrative Bylaws (the "Governance Policies") as part of their terms of reference.

The purpose of this report is to seek Board adoption of amendments that have been identified following the addition of livestreaming and hybrid participation for Board, Advisory Board and Committee meetings, amendments stemming from Conservation Ontario's annual review and update to the model by-law, as well as some housekeeping updates.

STAFF COMMENT

Livestreaming and Hybrid Participation Amendments

On April 7, 2022, the Board of Directors approved ongoing livestreaming of Board of Directors, Advisory Board and Committee meetings when the new audio-visual technology in the HCA auditorium was finalized and in-person meetings resume. The intent is to provide for an additional method of public participation. Staff were also directed to bring a report to an upcoming Budget & Administration Committee to address any necessary revisions or clarifications in HCA's Administrative By-law as a result of the addition to livestream and any housekeeping amendments related to hybrid participation.

Staff have included proposed additional amendments related to hybrid and electronic meetings. These are also tracked as proposed changes in the document in Section C.3 and C.9 – Meeting Procedures – Meetings Open to the Public, and Electronic Meetings and Participation as summarized below.

- **Re: Livestreaming Board, Advisory Board and Committee Meetings**
[Meetings Open to the Public (2nd, 3rd, 4th par. added, 5th par amended for telephonic meetings. Electronic Meetings and Participation, 3rd par. added, addressing procedures for technical issues.

Introduction

1. The Hamilton Region Conservation Authority

The Hamilton Region Conservation Authority (the “HCA” or the “Authority”) is a non-share corporation, established under Section 3 of the *Conservation Authorities Act* (*the Act*), the objects to provide, in the area over which it has jurisdiction, programs and services designed for the purpose of furthering the conservation, restoration, development and management of natural resources in watersheds, other than gas, oil, coal and minerals.

Under the Act, municipalities within a common watershed are enabled to petition the province to establish a conservation authority. ~~The purpose of the Act is to provide for the organization and delivery of programs and services that further the conservation, restoration, development and management of natural resources in watersheds in Ontario.~~

Members of the Authority are appointed as representatives by the Participating Municipalities and are effectively directors also of the Authority. The HCA is comprised of its members (who form the Board of Directors), appointed as representatives by the Participating Municipalities, namely the City of Hamilton and the Township of Puslinch. An additional member may be appointed to the authority by the Minister as a representative of the agricultural sector.

2. Statutory objects

The statutory objects of the HCA, as set out in subsection 20(1) of the Act, are: To establish and undertake programs to further the conservation, restoration, development and management of the renewable natural resources within the HCA watershed.

The HCA pursues these programs for the benefit of the people of the Hamilton region and the people of the Province of Ontario.

3. The HCA's mission and vision

The mission of the HCA is to lead in the conservation of our watershed and connect people to nature.

The HCA's vision is a healthy watershed for everyone.

4. The HCA's powers

The HCA must always act within the scope of its powers. As a non-share capital corporation, the HCA has the capacity and, subject to the Act and other applicable legislation, the rights, powers and privileges of a natural person.

The powers of a conservation authority to accomplish its objects are set out in the Act, including those identified under subsection 21(1) of the Act, which states:

(a) to research, study and investigate the watershed and to support the development and implementation of programs and services intended to further the purposes of this Act

(b) for any purpose necessary to any project under consideration or undertaken by the authority, to enter into and upon any land and survey and take levels of it and make such borings or sink such trial pits as the authority considers necessary;

(c) to acquire by purchase, lease or otherwise any land that it may require, and, subject to subsections (2) and (4), to sell, lease or otherwise dispose of land so acquired;

(d) despite subsection (2), to lease for a term of five years or less land acquired by the authority;

(e) to purchase or acquire any personal property that it may require and sell or otherwise deal therewith;

(f) to enter into agreements for the purchase of materials, employment of labour and other purposes as may be necessary for the due carrying out of any project or to further the authority's objects;

(g) to enter into agreements with owners of private lands to facilitate the due carrying out of any project;

(h) to determine the proportion of the total benefit afforded to all the Participating Municipalities that is afforded to each of them;

(i) to erect works and structures and create reservoirs by the construction of dams or otherwise;

(j) to control the flow of surface waters in order to prevent floods or pollution or to reduce the adverse effects thereof;

(k) to alter the course of any river, canal, brook, stream or watercourse, and divert or alter, as well temporarily as permanently, the course of any river, stream, road, street or way, or raise or sink its level in order to carry it over or under, on the level of or by the side of any work built or to be built by the authority, and to divert or alter the position of any water-pipe, gas-pipe, sewer, drain or any telegraph, telephone or electric wire or pole;

(l) to use lands that are owned or controlled by the authority for purposes, not inconsistent with its objects, as it considers proper;

5. Area of jurisdiction

The HCA has jurisdiction in all matters provided for in the Act, over the area under the HCA's jurisdiction.

- The work of the Board in connection with policy development is generally confined to establishing rather than implementing policies. Further development of these policies and implementation is delegated to the CAO, subject to Board oversight.
- d) Executive Management Oversight: The Board will appoint, evaluate and, if necessary, terminate the CAO. The Board will define the duties and limits of authority of senior management. responsible for the day-to-day operations, the Board of Directors is responsible for matters of governance, ensuring compliance with applicable legislation, and ensuring appropriate policies are in place and for financial soundness of the Authority.

Every member and officer in exercising his/her/their powers and discharging his/her/their duties to the Authority shall act honestly and in good faith with a view to the best interests of the Authority and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

All Directors have the responsibility to be guided by and adhere to the Code of Conduct (Appendix 1) and Conflict of Interest Policy (Appendix 2), as adopted by the Authority. The same applies to conflicts between these by-laws and the Not-for-Profit Corporations Act except where dictated by the Conservation Authorities Act in which case the Act prevails.

The CAO is accountable to the Board of Directors. The CAO reports to the Chair and brings issues to the Board on a timely basis.

All Board authority delegated to Staff is delegated through, or with notice to, the CAO. The Board will never give instructions to persons who report directly or indirectly to the CAO, without notice to the CAO. Staff are accountable to the CAO. Board decisions and policies, including this Administrative By-Law, as well as long- and short-term planning documents, communicate the intent of the Board, direct the CAO to achieve certain results, and constrain the CAO to act within acceptable boundaries of prudence and ethics. The CAO is authorized to establish all further policies, make all decisions, take all actions and develop all activities as long as they are consistent with or reasonable interpretations of the Board's decisions and policies. Group Responsibility: The Board will cultivate a sense of group responsibility. The Board will be responsible for excellence in governing. The Board will use the expertise of individual members to enhance the ability of the Board as a body rather than to substitute individual judgments for the HCA's values. The Board will allow no Officer, individual or committee of the Board to hinder or be an excuse for not fulfilling group obligations.

Long-range Planning: The Board's major policy focus will be on the intended long-term effects outside the organization, not on the administrative or programming means of attaining those effects.

Self-Discipline: The Board will enforce upon itself and its members whatever discipline is needed to govern with excellence. E. Appendices to the Administrative By-law

Appendix 1 - Code of Conduct

1. Background

The Hamilton Conservation Authority demands a high level of integrity and ethical conduct from its Board of Directors. The Authority's reputation has relied upon the good judgement of individual Directors. A written Code of Conduct helps to ensure that all Directors share a common basis for acceptable conduct. Formalized standards help to provide a reference guide and a supplement to legislative parameters within which Directors must operate. Further, they enhance public confidence that Directors operate from a base of integrity, justice and courtesy.

The Code of Conduct is a general standard. It augments the laws which govern the behaviour of Directors, and it is not intended to replace personal ethics.

This Code of Conduct will also assist Directors in dealing with confronting situations not adequately addressed or that may be ambiguous in Authority resolutions, regulations, or policies and procedures. Additionally, the agricultural representative appointed by the Minister will be required to follow the provincial ethical framework set out for government public appointees in the Management Board of Cabinet's Agencies and Appointments Directive.

2. General

All Directors, whether municipal councillors or appointed representatives of a municipality, or whether appointed by the Minister as a representative of the agricultural sector, are expected to conduct themselves in a manner that reflects positively on the Authority.

All Directors shall serve in a conscientious and diligent manner. No Director shall use the influence of office for any purpose other than for the exercise of his/her official duties.

It is expected that Directors adhere to a code of conduct that:

- a) upholds the mandate, vision and mission of the Authority;
- b) considers the Authority's jurisdiction in its entirety, including their appointing municipality;
- c) respects confidentiality;
- d) approaches all Authority issues with an open mind, with consideration for the organization as a whole;
- e) exercises the powers of a Director when acting in a meeting of the Authority;
- f) respects the democratic process and respects decisions of the Board of Directors, Executive Committee, Advisory Boards and other committees;
- g) declares any direct or indirect Pecuniary Interest or conflict of interest when one exists or may exist; and
- h) conducts oneself in a manner which reflects respect and professional courtesy and does not use offensive language in or against the Authority or against any Director or any Authority Staff.

4. Appointment by acclamation of Directors to sit as members of Committees and Advisory Boards

At the Annual General Meeting each year, Directors may nominate themselves to be one of the three Director members of the Budget and Administration Committee or the Conservation Advisory Board. A sign-up sheet for Directors wishing to self-nominate shall be available at the Annual General Meeting for this purpose. If more Directors sign up for the Budget and Administration Committee or Conservation Advisory Board than the number of vacancies, there shall be an election for those positions at the next Board meeting following the Annual General Meeting. If the number of Directors who sign up is less than or equal to the number of vacancies, the Acting Chair shall declare those positions filled by acclamation. Any remaining vacancies may be filled by acclamation or election at any subsequent Board meeting.

5. Election Procedures

The Acting Chair shall advise the Directors that the election will be conducted in accordance with the ~~Act~~ Act and the HCA Administrative By-law Section B: Governance, subsection 4 'Maximum Term for Chair and Vice Chair(s)', as follows:

- a) The elections at the Annual General Meeting shall be conducted in the following order:
 - i. Election of the Chair, who shall be a Director appointed by a participating Municipality to~~of~~ the Authority and serve as a member of the Budget and Administration Committee.

 - iv. If applicable, appointment by acclamation of three Conservation Advisory Board members, who shall be Directors of the Authority.
 - v. Election of Chair of the Conservation Advisory Board, who shall be a Director of the Authority.

- b) The elections at the Board meeting immediately following the Annual General Meeting (if made necessary as a result of more Directors having self-nominated for the positions than the number of vacancies available on the Budget and Administration Committee and the Conservation Advisory Board), shall be conducted in the following order:
 - i. Election of up to three Budget and Administration Committee members, who shall be Directors of the Authority.
 - ii. Election of up to three Conservation Advisory Board members, who shall be Directors of the Authority.
- c) The Acting Chair shall ask for nominations to each position that is to be the subject of an election at the Annual General Meeting or at the Board meeting immediately following;
- d) Only current Directors of the Authority who are present may vote;
- e) Nominations shall be called three (3) times and will only require a mover;
- f) The closing of nominations shall require both a mover and a seconder;
- g) Each Director nominated shall be asked to accept the nomination. The Director must be present to accept the nomination unless the Director has advised the Secretary-Treasurer in writing or by email in advance of the election of their willingness to accept the nomination.

If one Nominee:

- h) If only one nominee the individual shall be declared into the position by acclamation.

If More than One Nominee:

- i) In the event of an election, each nominee shall be permitted not more than five minutes to speak for the office, in the order of the alphabetical listing by surnames.
- j) Upon the acceptance by nominees to stand for election to the position of office, ballots shall be distributed to the Directors by the scrutineers for the purpose of election and the Acting Chair shall ask the Directors to write the name of one individual only on the ballot.
- k) The scrutineers shall collect the ballots, leave the meeting to count the ballots, return and advise the Acting Chair who was elected with more than 50% of the vote.

A Majority vote shall be required for election. If there are more than two nominees, and upon the first vote no nominee receives the Majority required for election, the name of the person with the least number of votes shall be removed from further consideration for the office and new ballots shall be distributed. In the case of a vote where no nominee receives the Majority required for election and where two or more nominees are tied with the least number of votes, a special vote shall be taken to decide which one of such tied nominees' names shall be dropped from the list of names to be voted on in the next vote.

Should there be a tie vote between two remaining candidates, new ballots shall be distributed and a second vote held. Should there still be a tie after the second ballot a third vote shall be held. Should there be a tie after the third vote, the election of the office shall be decided by lot drawn by the Acting Chair or designate.

Appendix 4 – Committees and Advisory Boards

1. Creation, Role and Powers

Establishment by the Board of Directors: Committees and Advisory Boards may be established by the Board of Directors from time to time. They may be permanent or ad hoc.

Role: Committees and Advisory Boards are established by the Board of Directors to help the Board do its job. They assist the Board by:

- (a) investigating, reviewing and making recommendations to the Boards;
- (b) preparing policy alternatives and identifying implications for Board deliberation; and
- (c) considering and recommending details and actions on programs, projects, etc., within their terms of reference.

Powers: Committees and Advisory Boards have advisory powers only unless other powers are specifically delegated to them by the Board of Directors in writing. Committees and Advisory Boards may not speak or act for the Board except when formally given such authority for specific and time-limited purposes. They do not spend funds or approve policy. Powers will be carefully stated in order not to conflict with authority delegated to the CAO. In keeping with the Board's broader focus, Committees and Advisory Boards will normally not have direct dealings with current Staff operations, and will not delegate directly to Staff.

Composition: Committees are composed of sitting members of the Board of Directors. Advisory Boards are composed of sitting members of the Board of Directors and citizens selected by the Advisory Board Chair for their knowledge or expertise in an area of concern to the specific Advisory Board.

2. Current Committee and Advisory Board Structure

The HCA currently has one standing Committee and one Advisory Board:

- (a) the Budget and Administration Committee; and
- (b) the Conservation Advisory Board.

3. Terms of Reference

Board to Set Terms of Reference: The Board of Directors shall set terms of reference for each Committee and Advisory Board. The terms of reference should describe:

- (a) the name of the Committee or Advisory Board;
- (b) the specific functions, roles and objectives of the Committee or Advisory Board;
- (c) the number of members including, if applicable, the minimum and maximum number of members, and the number of members who must be Directors;
- (d) the term of membership;
- (e) the total maximum time period that a person who is not a Director may remain a member, if applicable;
- (f) the manner of appointment of members;
- (g) qualifications for membership, if applicable; and

- (h) any details regarding meeting procedure that may differ from the procedures applicable to Board meetings.

4. Meeting Procedure

Board Procedure Applies: The regulations governing the procedure of the Board of Directors shall be observed in Committee and Advisory Board meetings, as far as they are applicable, unless varied by the terms of reference of the Committee or Advisory Board in question.

Quorum: A quorum of a Committee or Advisory Board shall not be less than one half of its voting members.

Meetings Public: All Committee and Advisory Board meetings are open to the public.

In Camera Business: When a Committee or Advisory Board deals with "in camera" items, the chair of that Committee Advisory Board must report back to the next Board of Directors meeting providing background information, a summary of any discussion and any recommendations. The Board of Directors may receive such reports "in camera" as needed.

5. Minutes of Meetings

Minutes to be Recorded: The minutes of all meetings of the Budget and Administration Committee shall be recorded by the Secretary-Treasurer or his/her designate, and the minutes of all other Committee and Advisory Board meetings shall be recorded by HCA Staff members as designated by the CAO.

Circulation of Minutes: The minutes of Committee and Advisory Board meetings shall be circulated by the secretary of the meeting at least five (5) days prior to the next meeting of the Committee or Advisory Board. The minutes, subject to any amendments approved at the meeting, shall be adopted by motion.

When new citizen members are required a "Notice of Vacancy" will be prepared by the HCA staff and distributed through HCA communication channels which includes, but is not limited to, posting on the HCA website and social media. This document will include general information regarding committee functions and a link to the terms of reference.

A vacancy occurs when a citizen member resigns, vacates a position at their maximum term length or when their resignation is requested by the Chair.

All applicants must submit an expression of interest which includes a cover page and resume.

Selected applicants must attend an interview. The Chair and Vice chair of CAB (or designate) will form the interview committee along with one HCA staff person as designated by the CAO.

Eligibility for Citizen Members

Appointment to CAB will be made providing adherence with the following eligibility requirements:

- Citizen members must live within the HCA watershed
- Citizen members must possess experience and/or expertise with environmental/natural resource issues and/or outdoor recreation/operations, which may include volunteer experience
- While applicants who meet the above eligibility criteria are encouraged to apply, applicants with demonstrated participation in groups or initiatives with goals relevant to the Conservation Advisory Board will be preferred.

Active participation in the CAB meetings is expected of all citizen members. Active participation may refer to both meeting attendance and/or engagement. Members who miss three consecutive meetings without justified absence may be retired from the committee at the discretion of the CAB Chair.

Meetings: Regular meetings of the CAB will be scheduled on a bi-monthly basis, up to 6 meetings per year (currently meetings are proposed as February, April, June, August, October, and December) or at the discretion of the Chair if additional meetings are required.

Meetings will be held on the second Thursday of each month and will commence as early as 4:00 p.m., or as approved by the Chair. HCA staff will work with the CAB Chair to determine agendas for the meetings, location of meetings for site visits and will also work collaboratively to determine when scheduled meetings are to be canceled due to lack of agenda items, inclement weather, lack of quorum or other circumstances.

HCA Support & Advisory Staff: As designated by the CAO, appropriate HCA staff shall provide administrative support, including the taking of minutes, the distribution of minutes and agendas and the general administrative coordination of meetings including posting of vacancies for citizen members.

1. PURPOSE OF HEARING GUIDELINES

The purpose of the Hearing Guidelines is to provide model hearing guidelines to be adopted by conservation authorities in respect to hearings under the *Conservation Authorities Act*.

The *Conservation Authorities Act* requires that the applicant be provided with an opportunity for a hearing by the local Conservation Authority Board, or Executive Committee (sitting as a Hearing Board) as the case may be, for an application to be refused or approved with contentious conditions. Further, a permit may be refused if in the opinion of the Authority the proposal adversely affects the control of flooding, pollution or conservation of land, and additional erosion and dynamic beaches. The Hearing Board is empowered by law to make a decision, governed by the *Statutory Powers Procedures Act*.

The Hearing Rules are adopted under the authority of Section 25.1 of the *Statutory Power Procedures Act* (SPPA). The SPPA applies to the exercise of statutory power of decision where there is a requirement to hold or to afford the parties to the proceeding an opportunity for a hearing before making a decision. The SPPA sets out minimum procedural requirements governing such hearings and provides rule-making authority to establish rules to govern such proceedings.

The Hearing Board shall hear and decide whether the application will be approved with or without conditions or refused. In the case of hearings related to applications submitted proposed to Section 28.0.1, the Hearing Board shall determine what conditions, if any, will be attached to the permission. See Attachment 1 for further details.

These guidelines have been prepared as an update to the October 1992 hearing guidelines and are intended to provide a step-by-step process to conducting hearings required under Section 28 (12), (13), (14) of the *Conservation Authorities Act*. Similar to the 1992 guidelines, it is hoped that the guidelines will promote the necessary consistency across the Province and ensure that hearings meet the legal requirements of the *Statutory Powers Procedures Act* without being unduly legalistic or intimidating to the participants. Additional considerations have been included related to hearings under Section 28.0.1(7) in Attachment 1.

2. PREHEARING PROCEDURES

2.1. Role of the Hearing Board

In considering the application, the Hearing Board is acting as a decision-making tribunal. The tribunal is to act fairly. Under general principles of administrative law relating to the duty of fairness, the tribunal is obliged not only to avoid any bias but also to avoid the appearance or reasonable apprehension of bias. The following are three examples of steps to be taken to avoid apprehension of bias where it is likely to arise.

- (a) No member of the Authority taking part in the hearing should have prior involvement with the application that could lead to reasonable apprehension of bias on the part of that member. Where a member has a personal interest, the test is whether a reasonably well-informed person would consider that the interest might have an influence on the exercise of the official's public duty. Where a member is a municipal councillor, the *Municipal Conflict of Interest Act* applies. In the case of a previously

expressed opinion, the test is that of an open mind, i.e. is the member capable of persuasion in participating in the decision making.

- (b) If material relating to the merits of an application that is the subject of a hearing is distributed to Board members before the hearing, the material shall be distributed to the applicant at the same time. The applicant may be afforded an opportunity to distribute similar pre-hearing material. These materials can be distributed electronically.
- (c) The applicant will be given an opportunity to attend the hearing before a decision is made; however, the applicant does not have to be present for a decision to be made.

Individual Conservation Authorities shall develop a document outlining their own practices and procedures relating to the review and reporting of Section 28 applications, including the role of staff, the applicant and the Authority or Executive Committee as well as, the procedures for the hearing itself. Such policy and procedures manual shall be available to the members of the public upon request and on the Authority's website. These procedures shall have regard for the above information and should be approved by the Conservation Authority Board of Directors.

2.2. Application

The right to a hearing arises where staff is recommending refusal of an application or is recommending conditions to the approval of an application. The applicant is entitled to reasonable notice of the hearing pursuant to the *Statutory Powers Procedures Act*.

2.3. Meeting Schedule

Hearings will be held on a bi-monthly basis, up to 6 meetings per year, or at the discretion of the Chair if additional meetings are required. Meetings will be held on the second Thursday of each month and will commence at 6:00 p.m., or as approved by the Board of Directors. Meetings will be held on alternate months from the meeting schedule for the Conservation Advisory Board. Therefore, meetings will be held in January, March, May, July, September, and November. Meetings will be cancelled in months when no hearings are requested.

2.3.2.4. Notice of Hearing

The Notice of Hearing shall be sent to the applicant within sufficient time to allow the applicant to prepare for the hearing. To ensure that reasonable notice is given, it is recommended that prior to sending the Notice of Hearing, the applicant be consulted to determine an agreeable date and time based on the local Conservation Authority's regular meeting schedule.

The Notice of Hearing must contain or append the following:

- (a) Reference to the applicable legislation under which the hearing is to be held (i.e., the *Conservation Authorities Act*).
- (b) The time, place and the purpose of the hearing. OR for Electronic Hearings:

The time, purpose of the hearing, and details about the manner in which the hearing will be held.

Note: for electronic hearings the Notice must also contain a statement that the applicant should notify the Authority if they believe holding the hearing electronically is likely to cause them significant prejudice. The Authority shall assume the applicant has no objection to the electronic hearing if no such notification is received.

- (c) Particulars to identify the applicant, property and the nature of the application which are the subject of the hearing.

Note: If the applicant is not the landowner but the prospective owner, the applicant must have written authorization from the registered landowner.

- (d) The reasons for the proposed refusal or conditions of approval shall be specifically stated. This should contain sufficient detail to enable the applicant to understand the issues so he or she can be adequately prepared for the hearing.

It is sufficient to reference in the Notice of Hearing that the recommendation for refusal or conditions of approval is based on the reasons outlined in previous correspondence or a hearing report that will follow.

- (e) A statement notifying the applicant that the hearing may proceed in the applicant's absence and that the applicant will not be entitled to any further notice of the proceedings.

Except in extreme circumstances, it is recommended that the hearing not proceed in the absence of the applicant.

- (f) Reminder that the applicant is entitled to be represented at the hearing by a representative such as legal counsel, if desired. The conservation authority may be represented at the hearing by counsel or staff.

- (g) A copy of the Authority's Hearing Guidelines.

It is recommended that the Notice of Hearing be directed to the applicant and/or landowner by registered mail. Please refer to **Appendix A** for an example Notice of Hearing.

2.4.2.5. Presubmission of Reports

The applicant shall submit reports/materials to the Board members in advance of the hearing (i.e., inclusion on an Authority/Executive Committee agenda). The applicant shall be given two weeks to prepare a report once the reasons for the staff recommendations have been received. Subsequently, this may affect the timing and scheduling of the staff hearing reports.

3. HEARING

3.1. Public Hearing

Pursuant to the *Statutory Powers Procedure Act*, hearings, including electronic or hybrid hearings, are required to be held in public. For electronic hearings, public attendance should be synchronous with the hearing. The exception is in very rare cases where public interest in public hearings is outweighed by the fact that intimate financial, personal or other matters would be disclosed at hearings.

3.2. Hearing Participants

The *Conservation Authorities Act* does not provide for third party status at the hearing. It is only the information presented by the applicant and Authority staff, or their representatives, that will be considered by the hearing-board members. Any information provided by third parties should be incorporated within the presubmitted reports/materials by, or on behalf of, the applicant or Authority staff, as appropriate.

The hearing however is open to the public. Generally, information received from the public will be incorporated in the agenda as part of the regular Board meeting as an item of correspondence or a delegation, following timeframes specified in the HCA Administrative By-Laws.

3.3. Attendance of Hearing Board Members

In accordance with case law relating to the conduct of hearings, those members of the Authority who will decide whether to grant or refuse the application must be present during the full course of the hearing. If it is necessary for a member to leave, the remaining members can continue with the hearing and render a decision, provided quorum is maintained.

3.4. Adjournments

The Board may adjourn a hearing on its own motion or that of the applicant or Authority staff where it is satisfied that an adjournment is necessary for an adequate hearing to be held.

Any adjournments form part of the hearing record.

3.5. Orders and Directions

The Authority is entitled to make orders or directions to maintain order and prevent the abuse of its hearing processes. A hearing procedures example has been included as **Appendix B**.

3.6. Information Presented at Hearings

- (a) The *Statutory Powers Procedure Act*, requires that a witness be informed of their right to object pursuant to the *Canada Evidence Act*. The *Canada Evidence Act* indicates that a witness shall be excused from answering questions on the basis that the answer may be incriminating. Further, answers provided during the hearing are not admissible against the witness in any criminal trial or proceeding. This information

should be provided to the applicant as part of the Notice of Hearing.

- (b) It is the decision of the hearing members as to whether information is presented under oath or affirmation. It is not a legal requirement. The applicant must be informed of the above, prior to or at the start of the hearing.
- (c) The Board may authorize receiving a copy rather than the original document. However, the Board can request certified copies of the document if required.
- (d) Privileged information, such as solicitor/client correspondence, cannot be heard. Information that is not directly within the knowledge of the speaker (hearsay), if relevant to the issues of the hearing, can be heard.
- (e) The Board may take into account matters of common knowledge such as geographic or historic facts, times measures, weights, etc. or generally recognized scientific or technical facts, information or opinions within its specialized knowledge without hearing specific information to establish their truth.

3.7. Conduct of Hearing

3.7.1. Record of Attending Hearing Board Members

A record shall be made of the members of the Hearing Board.

3.7.2. Opening Remarks

The Chairperson shall convene the hearing with opening remarks which generally; identify the applicant, the nature of the application, and the property location; outline the hearing procedures; and advise on requirements of the *Canada Evidence Act*. Please reference **Appendix C** for the Opening Remarks model. In an electronic hearing, all the parties and the members of the Hearing Board must be able to clearly hear one another and any witnesses throughout the hearing.

3.7.3. Presentation of Authority Staff Information

Staff of the Authority presents the reasons supporting the recommendation for the refusal or conditions of approval of the application. Any reports, documents or plans that form part of the presentation shall be properly indexed and received.

Staff of the Authority should not submit new information at the hearing as the applicant will not have had time to review and provide a professional opinion to the Hearing Board.

Consideration should be given to the designation of one staff member or legal counsel who coordinates the presentation of information on behalf of Authority staff and who asks questions on behalf of Authority staff.

3.7.4. Presentation of Applicant Information

The applicant has the opportunity to present information at the conclusion of the Authority staff presentation. Any reports, documents or plans which form part of the submission should be properly indexed and received.

The applicant shall present information as it applies to the permit application in question. For instance, does the requested activity affect the control of flooding, erosion, dynamic beach or conservation of land or pollution? The hearing does not address the merits of the activity or appropriateness of such a use in terms of planning.

- The applicant may be represented by legal counsel or agent, if desired
- The applicant may present information to the Board and/or have invited advisors to present information to the Board
- The applicant(s) presentation may include technical witnesses, such as an engineer, ecologist, hydrogeologist etc.

The applicant should not submit new information at the hearing as the Staff of the Authority will not have had time to review and provide a professional opinion to the Hearing Board.

3.7.5. Questions

Members of the Hearing Board may direct questions to each speaker as the information is being heard. The applicant and /or agent can make any comments or questions on the staff report.

Pursuant to the *Statutory Powers Procedure Act*, the Board can limit questioning where it is satisfied that there has been full and fair disclosure of the facts presented. Please note that the courts have been particularly sensitive to the issue of limiting questions and there is a tendency to allow limiting of questions only where it has clearly gone beyond reasonable or proper bounds.

3.7.6. Deliberation

After all the information is presented, the Board may adjourn the hearing and retire in private to confer. The Board may reconvene on the same date or at some later date to advise of the Board's decision. The Board members shall not discuss the hearing with others prior to the decision of the Board being finalized.

4. DECISION

APPENDIX C

Chairperson's remarks when dealing with hearings (Section 28, Subsection 12 of the *Conservation Authorities Act*) with respect to Ontario Regulation 161/06

We are now going to conduct a hearing under section 28 of the Conservation Authorities Act in respect of an application by: _____, for permission to: _____

The Authority has adopted regulations under section 28 of the Conservation Authorities Act which requires the permission of the Authority for development within an area regulated by the Authority in order to ensure no adverse affect on (the control of flooding, erosion, dynamic beaches or pollution or conservation of land) or to permit alteration to a shoreline or watercourse or interference with a wetland.

The Staff has reviewed this proposed work and prepared a staff report, a copy of which has been given to the applicant and the Board. The applicant was invited to file material in response to the staff report, a copy of which has also been provided to the Board.

Under Section 28 (12) of the Conservation Authorities Act, the person requesting permission has the right to a hearing before the Authority/Executive Committee.

In holding this hearing, the Authority Board/Executive Committee is to determine whether or not a permit is to be issued, with or without conditions. In doing so, we can only consider the application in the form that is before us, the staff report, such evidence as may be given and the submissions to be made on behalf of the applicant. Only Information disclosed prior to the hearing is to be presented at the hearing.

The proceedings will be conducted according to the Statutory Powers Procedure Act. Under Section 5 of the Canada Evidence Act, a witness may refuse to answer any question on the ground that the answer may tend to incriminate the person, or may tend to establish his/her liability to a civil proceeding at the instance of the Crown or of any person.

The procedure in general shall be informal without the evidence before it being given under oath or affirmation unless decided by the hearing members.

If the applicant has any questions to ask of the Hearing Board or of the Authority representative, they must be directed to the Chairperson of the board.

ATTACHMENT 1:

Hearings under Section 28.0.1 of the *Conservation Authorities Act*

(Permission for Development, Zoning Order)

Section 28.0.1 of the *Conservation Authorities Act* came into force with the Royal Assent of Bill 229, *Protect, Support and Recover from COVID-19 Act* (Budget Measures), 2020. This section applies to any application submitted to an authority under a regulation made under Section 28 of the Act for permission to carry out all or part of a development project associated with an approved Minister's Zoning Order (MZO). For such applications, an Authority **must** grant permission to the applicant to carry out the activity, provided an MZO has been made by the Minister of Municipal Affairs and Housing, and provided that the authority's regulated area in which the development activity is proposed to take place is not located in the Greenbelt Area designated under section 2 of the *Greenbelt Act*. A permission which is granted under s.28.0.1 may be subject to conditions as prescribed by the issuing Authority.

Understanding that an Authority **must** grant permission for applications submitted pursuant to an approved MZO (pending the above-noted conditions are met), hearings for these applications differ from those under Section 28(12) of the Act, in that a hearing **cannot** be held to determine if a permission should be refused. The Authority may refuse to grant a permit only if i) a zoning order has not been made to authorize the development project, ii) the project is proposed to be carried out in the Greenbelt Area, and iii) if all other prescribed requirements have not been satisfied. Per s.28.0.1 (7) of the Act, the applicant for a permission will be given the opportunity to be heard by the Authority prior to any conditions being attached to the granted permission.

The following table is intended to provide a step-by-step process to conducting hearings required under Section 28.0.1 (7) of the *Conservation Authorities Act*. It is recognized that much of the guidance provided in the body of the Section 28 Hearing Guidelines will be applicable to the s. 28.0.1 (7) hearing process. Where processes differ, the table outlines the necessary considerations for the s. 28.0.1 (7) processes. Where the processes are the same, the table refers to the appropriate sections of the Section 28(3) hearing guidelines.

Sections of the <i>Section 28 Conservation Authorities Act Hearing Guidelines</i>	Specific Guidance and/or Processes for S. 28.0.1 (7) Hearings
1.0 Purpose of Hearing Guidelines	<p>The purpose of the Hearing Guidelines is to provide model hearing guidelines to be adopted by conservation authorities in respect to hearings under the <i>Conservation Authorities Act</i>.</p> <p>The <i>Conservation Authorities Act</i> requires that the applicant be provided with an opportunity for a hearing by the local Conservation Authority Board, or Executive Committee (sitting as a Hearing Board) as the case may be, for an application to be refused or approved with contentious</p>

	<p>conditions. In the case of hearings related to applications submitted pursuant to s. 28.0.1 of the <i>Conservation Authorities Act</i>, the Authority must grant permission to the applicant, provided the requirements set out under this section are met. In this scenario, a hearing will only be held to determine conditions which will be attached to a permission. Further, a permit may be refused if in the opinion of the Authority the proposal adversely affects the control of flooding, pollution or conservation of land, and additional erosion and dynamic beaches. In the case of applications submitted pursuant to s. 28.0.1 of the <i>Conservation Authorities Act</i>, the Authority may refuse to grant a permit only if i) a zoning order has not been made to authorize the development project, ii) the project is proposed to be carried out in the Greenbelt Area, and iii) if all other prescribed requirements have not been satisfied. The Hearing Board is empowered by law to make a decision, governed by the <u>Statutory Powers Procedures Act</u>.</p> <p>The Hearing Rules are adopted under the authority of Section 25.1 of the <i>Statutory Powers Procedures Act</i> (SPPA). The SPPA applies to the exercise of a statutory power of decision where there is a requirement to hold or to afford the parties to the proceeding an opportunity for a hearing before making a decision. The SPPA sets out minimum procedural requirements governing such hearings and provides rule-making authority for to establish rules to govern such proceedings.</p> <p>The Hearing Board shall hear and decide whether the application will be approved with or without conditions or refused. In the case of hearings related to applications submitted purposed to Section 28.0.1, the Hearing Board shall determine what conditions, if any, will be attached to the permission. See Attachment 1 for further details.</p> <p>These guidelines have been prepared as an update to the October 1992 hearing guidelines and are intended to provide a step-by-step process to conducting hearings required under Section 28 (12), (13), (14) of the <i>Conservation Authorities Act</i>. Similar to the 1992 guidelines, it is hoped that the guidelines will promote the necessary consistency across the Province and ensure that hearings meet the legal requirements of the <i>Statutory Powers Procedures Act</i> without being unduly legalistic or intimidating to the participants. Additional considerations have been included related to hearings under Section 28.0.1 (7) in Attachment 1</p>
2.0 Prehearing Procedures	Not applicable to S.28.0.1(7) hearings

2.1 Apprehension of Bias	<p>In considering the application, the Hearing Board is acting as a decision-making tribunal. The tribunal is to act fairly. Under general principles of administrative law relating to the duty of fairness, the tribunal is obliged not only to avoid any bias but also to avoid the appearance or reasonable apprehension of bias. The following are three examples of steps to be taken to avoid apprehension of bias where it is likely to arise.</p> <p>(a) No member of the Authority taking part in the hearing should have prior involvement with the application that could lead to a reasonable apprehension of bias on the part of that member. Where a member has a personal interest, the test is whether a reasonably well-informed person would consider that the interest might have an influence on the exercise of the official's public duty. Where a member is a municipal councilor, the <i>Municipal Conflict of Interest Act</i> applies. In the case of a previously expressed opinion, the test is that of an open mind, i.e. is the member capable of persuasion in participating in the decision making</p> <p>(b) If material relating to the merits of an application that is the subject of a hearing is distributed to Board members before the hearing, the material shall be distributed to the applicant at the same time. The applicant may be afforded an opportunity to distribute similar pre-hearing material. These materials can be distributed electronically.</p> <p>(c) The applicant will be given an opportunity to attend the hearing before a decision is made; however, the applicant does not have to be present for a decision to be made.</p> <p>(d) Where a hearing is required for applications submitted pursuant to s. 28.0.1 of the <i>Conservation Authorities Act</i> (e.g., to determine the conditions of the permission), final decisions on the conditions shall not be made until such a time as the applicant has been given the opportunity to attend a hearing.</p> <p>Individual Conservation Authorities shall develop a document outlining their own practices and procedures relating to the review and reporting of Section 28 applications, including the role of staff, the applicant and the Authority or Executive Committee as well as, the procedures for the hearing itself. Such policy and procedures manual shall be available to the members of the public upon request and on the Authority's website. These procedures shall have regard for the above</p>

	information and should be approved by the Conservation Authority Board of Directors.
2.2 Application	The right to a hearing arises where staff is recommending refusal of an application or is recommending conditions to the approval of an application. Additionally, in the case of applications submitted pursuant to s. 28.0.1 of the CA Act, the authority shall not attach conditions to a permission unless the applicant has been given an opportunity to be heard by the authority. The applicant is entitled to reasonable notice of the hearing pursuant to the <i>Statutory Powers Procedures Act</i> .

SYNOPSIS

During the period of August 23rd 2023 to September 25th 2023, there were no observations, reports, or expectations of significant water safety concerns, significant watercourse flooding events, or Lake Ontario shoreline flooding events.

Currently, there are also no observations, reports, or expectations that significant watercourse flooding or significant water safety concerns are occurring. Current flows are at baseflow conditions to slightly elevated above baseflow conditions at all streamflow gauges

Currently, there are no observations, reports, or expectations that significant Lake Ontario shoreline flooding is occurring.

The average monthly flows for September so far have varied considerably with respect to long-term averages. Monthly flow in Upper Spencer Creek at Safari Road are considered slightly below average. The Lake Ontario mean daily water level averaged across the entire lake is currently about 9 cm above average for this time of year.

Current Christie Lake levels are slightly below the preferred summer operating levels. Current Valens Lake levels are within the preferred summer operating levels.

The most recent drought assessment indicated that normal to above normal conditions are an appropriate overall characterization of the watershed.

There are no significant rainfall events (+20 mm in a day) forecasted for the watershed over the next 2 weeks, at this time. In the next 9 days, no significant Lake Ontario shoreline flooding is expected, at this time. HCA staff will continue to undertake monthly drought assessments, and coordinate with the Hamilton Low Water Response Team as required if drought conditions are identified.

During the period of August 23rd 2023 to September 25th 2023, there were no observations, reports, or expectations of significant water safety concerns, significant watercourse flooding events, or Lake Ontario shoreline flooding events.

RECENT WATERSHED LOW WATER CONDITIONS

The most recent drought assessment (including data up to August 31) indicated that normal to above normal conditions are an appropriate overall characterization of the watershed. This was the eighth consecutive recent monthly assessment that indicated normal conditions.

FORECASTED WATERSHED CONDITIONS

Watercourse Flooding

There are currently no significant rainfall events (+20 mm in a day) forecasted for the watershed over the next 2 weeks. HCA staff continue to monitor conditions and forecasts routinely. Resultant water levels and flows from currently anticipated rain are not expected to result in significant watercourse flooding.

Lake Ontario Shoreline Flooding

In the next 9 days, no significant Lake Ontario shoreline flooding is expected. According to International Lake Ontario – St. Lawrence River Board information, weather conditions, including temperatures and precipitation, will primarily determine the rate and magnitude of water level fluctuations over the coming weeks.

Watershed Low Water Conditions

HCA staff will continue to undertake monthly drought assessments, and coordinate with the Hamilton Low Water Response Team as required if drought conditions are identified.

RE: Conservation Areas Experiences Update

BACKGROUND:

HCA provides high quality, diverse conservation areas that promote outdoor recreation, health and well being and strengthen public awareness of the importance of being in or near our conservation areas.

STAFF REPORTING COMMENTS

- Spencer Gorge Reservation Service – This reservation service is an ongoing Board approved operation for the Spencer Gorge Conservation Area, which includes the iconic HCA features of Dundas Peak, Tew Falls, and Webster Falls. Advance reservations are required commencing September 23rd and 7 days a week during the fall colour season. The reservation ensures a more enjoyable experience for visitors by guaranteeing a parking space and see the natural beauty without the big crowds of people. Additionally, traffic congestion improvements from the nearby community have been dramatically reduced to provide a high-quality visitor experience from this service.

- Christie Lake Conservation Area – Starting late September right through October, this flagship Conservation Area transforms itself to become one of the most prominent Cross-Country event locations in the province. Almost 5,000 students across the city and beyond will embark the spectacular Christie Lake trail system for the Hamilton Wentworth District School Board (HWDSB) and the Southern Ontario Secondary School Association (SOSSA). Spectators are welcome to come to the event free of charge to cheer on family and friends.
- Thanksgiving Long Weekend – All Conservation Areas will be open and busy with strong visitation levels right across the watershed for the ever-popular fall colour season. Gatehouses will be staffed at all locations to facilitate access and to answer all visitor inquiries. Expect some of the highest visitation levels to occur at Conservation Areas with waterfalls, escarpment vistas, and at the campgrounds at Fifty Point and Valens Lake Conservation Areas.
