PETS

Pets must be kept on a leash at all times and cannot be left unattended. No pets are permitted on the main beach.

WELCOME TO CHRISTIE LAKE

Christie Lake is a man-made reservoir created by the construction of the Christie Dam. The 180 metre-long dam was completed in 1971 to help prevent major flooding in the low-lying town of Dundas. The reservoir covers approximately 60 hectares and contains enough water to fill more than 900 Olympic sized swimming pools!

Christie Lake is a refuge for wildlife within the Niagara Escarpment World Biosphere Reserve and is also part of Ontario’s Greenbelt. We invite you to explore Christie Lake Conservation Area’s 353 hectares of natural wonders and recreation.

DISC GOLF

Christie Lake’s 18 hole championship Disc Golf course is open year round and is free to use with your entry. Discs can be purchased at the gatehouse or beach store. Score cards available on our website: conservationhamilton.ca A practice tee is located on the north side of parking lot.
