

Hamilton Conservation Authority Membership Pass

Nature is as important to human health and wellness as food, water and exercise. The mental and physical health benefits of green spaces have been proven to: reduce stress, increase energy, boost immunity, assist with weight loss and fitness and also reduce risks of diabetes, heart attacks and cancer.

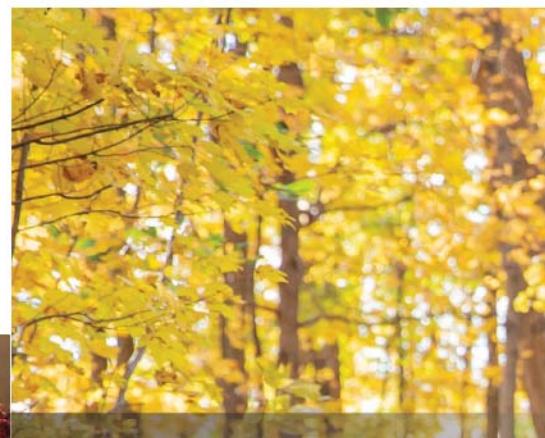

The HCA Membership Pass allows you to take full advantage of all these health benefits, as well as becoming a huge part of the environmental work underway in Hamilton.

Membership Dollars

Membership dollars contribute directly to protecting, preserving and restoring ecosystems and heritage sites through important conservation work across our watershed.

Becoming a Member also assists with HCA education programs and teaching the importance of conservation for future generations.

Become an HCA Member, and you'll not only get a great deal on the Great Outdoors, but you'll be protecting it for generations to come.
